

DontSendMeACard Video Transcript

We all have special occasions to remember, but you don't have to send greetings card each time.

With don't send me a card.com, you can donate the custom cards and stamps and send e cards to your friends and family instead.

You can send e card designs, created by your favourite charities, simply by giving what you have spent on cards.

Your loved ones will see that you donated, and you will be helping the environment to.

Get started at [don't send me a card.com](http://don'tsendmeacard.com).
